

Joint press release | 8th October 2019

ES-GE and Faymonville Group extend their cooperation

Essen/Büllingen 08. October 2019 | The Faymonville Group and ES-GE Nutzfahrzeuge have been working together successfully for more than two decades. The traditional company from Essen established itself as the central interface for the distribution of the brands Faymonville and MAX Trailer in Germany. Now the next step, that pools their forces, has come.

The mutual appreciation and the offering perspectives led the two companies to a more intense cooperation. The structures now interlock and common goals have been set.

Since the beginning of the year Faymonville Trade & Services (FTS) from Landsberg am Lech has been integrated into this growing connection. The subsidiary in southern Germany is also a hub for the sale of immediately available vehicles of the brands Faymonville, MAX Trailer and Cometto. Heavy-duty truck tractors will also be offered, as well as various tipper models – Especially for the construction sector.

Customers will benefit from the cooperation between ES-GE and FTS. In addition to the sales program, at both locations, all services on vehicles will be offered. Because professional maintenance and repair work is essential for a long-term use. Both companies offer the services that help the vehicle to perform powerful and durable with an optimal value retention.

Faymonville Trade & Services GmbH and ES-GE Nutzfahrzeuge will offer used vehicles of all manufacturers. A constant distribution of spare parts guarantees a constant operational safety to the customers. In addition to the rental of complete heavy duty trains, low loader semi-trailers and heavy duty modules, flexible financing options complete the service package.
